Waiver Terms & Conditions

The Metabolic Weightloss Clinic is a licensed preventative health care clinic. Our physician will directly prescribe all necessary tests and evaluate all test results. Our physician will perform physical exams, consult with specialty physicians and/or primary care physicians and verify any submitted medical information whenever necessary. Clients who are found to have signs or symptoms of a new medical or health issue will be given the option of returning to their primary care physician or a specialist of their choice for further evaluation. The clinic's main focus is safe weight loss not treating and diagnosing medical conditions. We forward all the necessary tests, with our findings, so you may be further evaluated. By accessing this website you agree to the terms of our clinic. All client information will be protected under HIPAA laws and regulations.

The Metabolic Weightloss Clinic is not an internet pharmacy. All medication used by our clinic will be purchased from a USA FDA approved pharmacy. No prescribed medications are to be modified, shared or given to another person. Clients who have submitted fraudulent medical information will be terminated from our program. We reserve the right to stop treatment if any of the above occur.
